“The Empowerment of Women in Japan - Key Element of Abenomics”

GR Japan is pleased to co-host Akie Abe, Japan’s First Lady, for the International Policy Forum in July together with the Institute for New Era Strategy (INES).

Mrs Abe, who has been vocal on various social issues, is well known for her active involvement in supporting women in society. Being a business owner herself, Mrs Abe will share her views on the empowerment of women in Japan, which is one of the key elements of Prime Minister Shinzo Abe’s growth strategy.

Mrs Abe is a native of Tokyo and worked for Dentsu after she graduated from Sacred Heart Professional Training College. She entered the graduate school of Rikkyo University to study the social design and received her master’s degree in 2011.

Please note: Since this event will be co-hosted with INES, the event will run from 7:45am to 10am, which is one hour longer than the usual IPF meetings.

The International Policy Forum is a network of businesspeople, diplomats, and academics in Tokyo, meeting regularly to discuss matters of policy interest to the business community in Japan. All events are run in English and are arranged by government relations consultancy GR Japan. Anyone who shares an interest in Japan's economy, policy, and policy-making is welcome to join the network and participate in the events. (Note: The fee collected is to cover costs and is not used as a contribution to the speaker.)
